Commitment to Achieving Net Zero

Daintta Limited is committed to achieving Net Zero emissions by 2050.

Baseline Emissions Footprint

Baseline emissions are a record of the greenhouse gases that have been produced in the past and were produced prior to the introduction of any strategies to reduce emissions. Baseline emissions are the reference point against which emissions reduction can be measured.

Baseline Year: 2022	
Additional Details relating to the Baseline Emissions Calculations	
<p>This was the first full year of business operations and as such was our first year calculating and reporting our baseline emissions. We aim to complete a full review and by the end of the year 2023, identifying long term projects to become net-zero and put in place procedures to correlate our scope emissions data.</p> <p>As a consultancy business we have no Direct Emissions (Scope 1) nor Indirect Emissions (Scope 2).</p> <p>Our Scope 3 emissions are based on business/commuting travel.</p>	
Baseline Year:	2022
<i>Scope 1 Emissions:</i>	<i>0</i>
<i>Scope 2 Emissions:</i>	<i>0</i>
<i>Scope 3 Emissions:</i>	<i>3.41</i>
Total Emissions (tCO₂e):	3.41

Current Emissions Reporting

Reporting Year:	2023
<i>Scope 1 Emissions:</i>	<i>0</i>
<i>Scope 2 Emissions:</i>	<i>0</i>
<i>Scope 3 Emissions:</i>	<i>38.40</i>
Total Emissions (tCO₂e):	38.40

Emissions Reduction Targets

In order to continue our progress to achieving Net Zero, we have adopted the following carbon reduction targets:

- We aim to reduce our Scope 3 carbon emissions by 0.132 tCO₂e/FTE by 2025, this is a relative reduction of 10%.

Carbon Reduction Projects

In the future we hope to implement further measures such as:

Offsetting

We aim to offset our emissions using a certified offsetting scheme. We believe we will be able to offset the majority of our emissions in this way given their sources.

Employee Education

Though we do not currently monitor home energy use (electricity and gas consumption). We continue to work with our employees to ensure energy saving measure and reductions are taken. We aim to implement employee training on this topic.

IT Refresh

We will replace IT on a suitable cycle to ensure that we make use of the most energy efficient technology, while also being conscious of unnecessary waste through replacing equipment too often.

Business Travel/Employee Commuting

We aim to ensure that business travel and any future employee commuting is done via the most environmentally beneficial mode wherever possible.

Declaration/Sign Off

This Carbon Reduction Plan has been completed in accordance with the Technical standard for Completion of Carbon Reduction Plans PPN 06/21 and associated guidance. Additional Annual Reporting and Data can be found in the Appendix.

Emissions have been reported and recorded in accordance with the published reporting standard for Carbon Reduction Plans and GHG Reporting Protocol corporate standard¹ and uses the appropriate Government emission conversion factors for greenhouse gas company reporting².

Scope 1 and Scope 2 emissions have been reported in accordance with SECR requirements, and the required subset of Scope 3 emissions have been reported in accordance with the published reporting standard for Carbon Reduction Plans and the Corporate Value Chain (Scope 3) Standard³.

The Carbon Reduction Plan has been reviewed and signed off by the board of directors (or equivalent management body).

Total Commuting Emissions - 2022

Daintta Limited

<i>Total Distance (km):</i>	72,184
<i>Total Scope 3 Emissions (kgCO₂e):</i>	3,414.49
<i>Total Scope 3 Emissions (tCO₂e):</i>	3.41

Note: Transportation of employees between their homes and their worksites

Total Commuting Emissions - 2023

Daintta Limited

<i>Total Distance (km):</i>	122,389
<i>Total Scope 3 Emissions (kgCO₂e):</i>	4,896
<i>Total Scope 3 Emissions (tCO₂e):</i>	4.90

Total Business Travel Emissions - 2023

Daintta Limited

<i>Total Distance (km):</i>	203,564
<i>Total Scope 3 Emissions (kgCO₂e):</i>	33,507
<i>Total Scope 3 Emissions (tCO₂e):</i>	33.51
<i>Total Emissions (tCO₂e):</i>	38.40
